

Gender Pay Gap Report 2023

Adare Manor | Gender Pay Report 2023

Foreword

Since our reopening in 2017, our People have been at the Heart of everything that we do at Adare Manor. We strive to be an employer of choice, a welcoming, inclusive workplace for all. This report details our Gender Pay Gap metrics for 2023 and the reasons for our Pay Gap. Our Senior Leadership Team are committed to reducing the gender pay gap by continually looking at ways we can improve. We aim to always find the best person for every job, to support and develop our people to ensure everyone has the best chance to succeed and to fairly and equitably acknowledge and reward everyone's efforts.

The gender pay gap is the difference between the average earnings of men and women expressed as a percentage of men's pay.

A gender pay gap is not indicative of discrimination or the absence of equal pay for equal work.

Equal pay compares the pay of men and women doing the same job or work of equal value.

It is illegal to pay a man or woman less for performing the same job purely because of their gender.

Where a gender pay gap exists, it is usually because men and women are not equally represented across all levels of an organization.

Philomena O'Donovan
Director of Human Resources

The reporting date for this report was 1st of June 2023.

Gender Pay Report 2023 -Our results

Mean & Median pay gaps

References

The gender pay gap percentage is the difference between the average earnings of men and women expressed as a percentage of **men's** pay.

A median gender pay gap is the difference between the median hourly rate of pay for males and females. It is calculated by pinpointing the exact middle point between the lowest paid and the highest paid man and the lowest paid and the highest paid woman and showing the difference between the two figures.

A mean gender pay gap is the difference between the mean hourly rate of pay for males and females. It is calculated by totaling the hourly pay of all female employees and dividing that amount by the number of female employees. The calculation is repeated for male employees and the difference between the two figures is shown.

Mean hourly pay gap (all employees)	10.23%
Mean hourly pay gap (part-time employees)	0.01%
Mean hourly pay gap (temporary employees)	N/A
Median hourly remuneration pay gap (all employees)	3.85%
Median hourly remuneration pay gap (part-time employees)	0.00%
Median hourly remuneration pay gap (temporary employees)	N/A
Mean bonus remuneration pay gap	101%
Median bonus remuneration pay gap	47%

Gender Pay Report 2023- Our results
